

## ACMA is organizing its first-ever “Auto Technology Partnership Summit & Expo (Virtual)” from 02 – 05 February, 2021.

The key objectives of the Expo are:

- Exploring opportunities for JVs/ Technology tie-ups and Partnerships in Auto / EV components and Tools & Dies
- Exploring export/out-sourcing opportunities from India
- Exploring contract / joint manufacturing from India for the world

The Ministry of Commerce, Government of India is supporting this event and SIAM – Society of Indian Automobile Manufacturers being one of the partner to this event. The event has also got support from ACMA’s counterpart associations from Canada, Brazil, France, Sweden, Japan, USA, UK and Germany. 45 leading quality component manufacturers are exhibiting at the virtual platform.

For registration and B2B meetings with Exhibitors, please visit [www.acma-atpse.in](http://www.acma-atpse.in)
