**EEPC India launches E-Catalogue of Medical Devices suppliers**

As the world is facing the COVID 19 pandemic, there has emerged global crisis in the healthcare supplies. India is making an all-out effort to increase the supply and availability of critical healthcare technologies and components to the healthcare facilities domestically as well as internationally.

2. India today is looked as leading low cost, reliable, quality supplier of medical devices and pharmaceutical in the world. India has steadily widened the ambit of markets and exporting medical devices to over 150 countries. Engineering Export Promotion Council of India (EEPC India) is the nodal body under Ministry of Commerce & Industry, Government of India for export facilitation of medical devices and related sector in India for export facilitation.

3. EEPC India has identified few of its quality suppliers in the sector and an e-catalogue is available online at <http://engineering-brands.com/> . The E-Catalogue was launched with an objective of providing one stop reliable solution for sourcing requirements from India.

5. It is requested that this information may kindly be shared with relevant buyers/importers/ agencies keen in sourcing from India. Any queries in this regard may kindly be mailed at [com.saopaulo@mea.gov.in](mailto:com.saopaulo@mea.gov.in)
